

President Coolidge's Views On Issues Of Campaign Analyzed By David Lawrence Following Interview With Nation's Chief Executive

BY DAVID LAWRENCE
(Copyright, 1924, by the Times Publishing Company.)

Before starting on his 9,000-mile trip to ascertain political sentiment, Mr. Lawrence had a talk with President Coolidge at the White House on the issues of the campaign and will analyze the attitude of the other nominees as he encounters them on his speaking tour. In this dispatch, Mr. Lawrence sets forth some of the domestic aspects of the campaign. Tomorrow's dispatch will deal with the Coolidge foreign policies.

WASHINGTON, Sept. 11.—President Coolidge feels that the lines of battle have been drawn and that no new factors will be thrust into the campaign, at least so far as he is concerned.

Mr. Coolidge holds what may truly be called a "common-sense" viewpoint toward his own political fortunes. When asked, for instance whether

he intended to make any speeches in the campaign, he laughingly remarked that he never heard of a candidate being defeated for talking too little, but that he had heard of a number who had been defeated by talking too much.

Occasional addresses will be made but they will be largely in amplification and explanation of the main principles that already have been laid down by the president.

Our discussion covered a wide range of subjects from agriculture to the Klan question as a political issue.

Not To Engage In Klan Controversy

The president has been getting letters of all kinds and advice from all quarters with respect to the importance of the Klan as an issue in the national campaign. Mr. Coolidge feels that he cannot forget for an instant that he is president of the United States and that he must pursue for the campaign an attitude which does not involve him in the mire of politics itself.

From a publicity viewpoint, Mr. Coolidge appreciates full well that his opponents are obliged to make wide speaking tours and campaign actively but that the man who is president of the United States is actually performing the duties of the office and the public impression of him is obtained from the day to day developments in the White House. It is irksome every now and then to be tied down to official tasks and not be able to answer back in political fashion. Mr. Coolidge, however, has determined to maintain an attitude in conformity with presidential tradition and make only occasional addresses.

Discussion Of Klan Academic

The president has a fixed idea that most of the discussion of the Ku Klux Klan is academic and that it does not touch the chief executive or the powers of the federal government. Most of the charges laid to the Ku Klux Klan by its accusers are covered, he believes by the police powers of the several states. As for the theory that a president should not apply any religious test in making appointments to office, Mr. Coolidge is of the opinion that his own record, both as governor of Massachusetts and as president will be sufficient answer on that score. Not only has he appointed Jews and Catholics to office, but also negroes, and he thinks it would be unwarranted on his part to be conscious of any distinction while considering persons for public office. He does not even care to dignify the subject by a public dissertation, because he believes it to be one of the mutual functions of the presidential office to consider appointments for office on the merits of the individual and without being provoked by or related to racial or religious questions.

JUDGE REFUSES WARRANT FOR FIRPO'S ARREST

NEWARK, N. J., September 11.—(By the United Press.)—Federal Judge William N. Runyon today refused to issue a bench warrant for the arrest of Luis Angel Firpo, South American heavyweight champion, charging him with a violation of the Mann act.

The application for the warrant was made by Herbert C. Gilson, Jersey City, counsel for a number of church organizations that are trying to stop the Firpo fight in Jersey City tonight.

Application for the warrant was made yesterday by Herbert Clarke Gilson, counsel for a Jersey City religious society, who charged Firpo, who meets Harry Wills in a bout tonight, with transporting a woman from Atlantic City to New York shortly before his championship battle with Jack Dempsey a year ago.

Judge Runyon based his refusal on the grounds of lack of evidence. Several affidavits submitted did not prove the charge made, Judge Runyon said. One signed by Guillermo Widener, Firpo's former secretary, showed that Firpo had lived in Atlantic City with the woman in question, but did not show that she had been transported.

"I am deeply impressed," he continued, "with the belief that the real object of the application is to prevent the scheduled contest."

Nation's Eyes Focused On Big Fight

NEW YORK, September 11.—(By the Associated Press.)—The primitive lure of combat will center the attention of a large part of the nation tonight upon the arena at Boyle's Thirty Acres in Jersey City, where Harry Wills and Luis Angel Firpo meet in a 12 round heavyweight battle with a match against champion Jack Dempsey as a prize to the winner.

The fight is scheduled to begin at 10 o'clock daylight saving time, but it is threatened, will be thrown ahead as early as 8:30. Fair skies, however, are promised by the weather bureau.

The most colorful event which has crowded a night since Jack Dempsey knocked out Georges Carpentier in "the battle of the century" in the same ring four years ago, is expected to witness the fight. The Prince of Wales and international sportsmen now in this country may be added to the usual throngs of American life, including an increasing number of women, who compose the typical fight crowd. Dempsey, himself, monarch of the prize, will head the battalion of champions, ex-champions, high lights and the lights of present and past in pugilism who gather for the major struggle.

Crowd Seen At Saucer

The circus day scenes which attended the Carpentier-Dempsey affair will be repeated outside the pine rings. Cordon of police will be thrown back around, tickets will be sold in great numbers, mounted officers will make curious crowd, cameras will flash their invasions. A temporary jock and hospital have been erected within the enclosed radius. In all 1,200 police and firemen will be on hand.

News of the nation will be spread while the fight is in progress.

Grove Starts Fight To Keep Slayers In Pen For Life

(By Edward C. Derr)
(United Press Staff Correspondent)

CHICAGO, September 11.—(By the United Press.)—State Attorney Robert E. Grove already has started his fight to make certain that Nathan Leopold and Richard Loeb spend the rest of their lives in the penitentiary.

Grove is preparing a complete review of the case to be sent with the prisoners to the state penitentiary at Joliet. He calls it a "Statement of Fact," and hopes that it will form a record so secure that no pardon or parole board at any time in the future will release the young slayers from the penitentiary.

In addition Grove will send all of the "People's Exhibits" to the audience he presented during the murder hearing before Chief Justice John Caverly.

"We want to make the record clear and clean," the state's attorney told the United Press, "so that no efforts of the defense will succeed in setting these murderers free."

The prosecution presented an airtight case that should have resulted in hangings. The court decided otherwise.

Snow Fell In Jefferson County

STEUBENVILLE, O., September 11.—What probably is a "weather precedent" for northern Jefferson county was established yesterday. With a brisk north wind blowing, and intermittent rain squalls during the day, the temperature at noon fell to 44 degrees and late in the afternoon residents reported a light snowfall.

Results of Maine Election Indicate That There Will Be No Landslide In Coming Presidential Election

BY DAVID LAWRENCE
(Copyright, 1924, by the Times Publishing Company.)

WASHINGTON, Sept. 11.—"As Maine goes so goes the nation" is an old battle cry of the Republican party and the Democrats have been loath to use it except when the election appeared to be turning their way. It is no secret that the Democrats confidently expected to win the governorship in Maine or cut down materially the Republican majority. On the face of the latest returns, they have lost the election and the question of how much they have cut down the Republican majority depends altogether on whether 1920 or 1922 is taken as a basis of reckoning.

In the 1920 election the governorship as well as the presidency was won by the Republicans in September and November, respectively, by approximately 65,000 majority. Today the Republicans have had that majority cut down almost half. To that extent the idea that 1920 may be taken as a basis of computation for the

STEUBENVILLE, O., September 11.—(By the United Press.)—Detective agency operatives and police, at work for ten days on the theft of \$12,000 in diamonds, jewels and heirlooms from the home of D. M. Weir, vice president of the Weirton Steel Company, announced today that every article of loot has been recovered.

William Morris, 24, former chauffeur for the Weir family, is in jail, charged with the robbery.

Music Merchants Elect Officers

CLEVELAND, O., September 11.—(By the United Press.)—New officers of the Ohio Music Merchants' Association were elected today at a convention held at the Hotel Cleveland.

Otto Greer, of Cincinnati, president; Otto Muehlbauer, Cleveland, vice president; and O. Boyd, of Marion, treasurer, Rexford Hyre, Cleveland, attorney, was re-elected to the office of secretary.

Because of the sudden death of George H. Hughes, of Chicago, just after his election as president of the National Association, the executive committee of the national board met here Wednesday and elected W. W. Smith, of Toledo, national chairman.

Patron In Restaurant Shot By a Bandit

CLEVELAND, O., September 11.—(By the United Press.)—William A. Kinsey, 30, was shot above the heart and killed by a masked robber who attempted to hold up the Palace Restaurant early today.

Kinsey was sitting at the counter when the robber entered. John Killer, waiter, was preparing to close the place.

"Strike 'em up," the robber commanded.

Killer ran around the counter and through a rear door. Kinsey sat still for a moment, then, as he started to leave, the robber shot.

"I'm shot! I'm shot!" Kinsey stumbled out of the door and collapsed.

Prison Cells Await Slayers; To Go Under Extra Heavy Guard

CHICAGO, September 11.—After a night in which a new threat to blow up the county jail brought Sheriff Peter M. Hoffman speeding into Chicago at midnight, Richard Loeb and Nathan Leopold, Jr., under sentence of life imprisonment for the murder and 99 years for the kidnapping for ransom of Robert Franks, 14-year-old, today awaited their removal to Joliet penitentiary. The youths who confessed they killed to "get a thrill" amused themselves by playing cards pending the start for Joliet which it appeared would not be before 2 p. m.

The sheriff expected to start for Joliet between 2 and 3 p. m. with three automobiles in the official party, all guarded by heavily armed deputies. The advance car, he said, would be filled with officers armed with shot guns loaded with buck shot. In the second car Loeb and Leopold would ride with four armed guards. Another contingent of guards with buck shot charged guns, would bring up the rear.

JOLIEF, ILL., September 11.—(By the Associated Press.)—Two empty cells at the penitentiary here today awaited the arrival from Chicago of Nathan F. Leopold, Jr., and Richard Loeb, expected during the day to begin life sentences for the slaying of Robert Franks.

The cells the boys will occupy their first day are those to which all new prisoners are taken and termed "solitary court" or detention quarters for incoming prisoners.

When the automobile draws up to the prison, they will be hustled through the entrance and will be stopped before an iron gate. Inside the record clerk will receive from the sheriff of Cook county the commitment papers and will give to the sheriff a receipt.

Guards will then conduct the boys through a second iron gate across a court and into the prison photographing their office to be photographed in civilian attire. Here they will receive their prison numbers, Loeb and Leopold will receive 9306 and 9300. A bath, shave and hair cut will follow.

When the boys enter the prison they will proceed to the identification expert for a measurement and finger prints and here they will receive their first prison suits—second hand shirts, trousers, shoes and stockings used for the incoming prisoners.

Believe It Or Not, Says Cold Snap Is Broken

COLUMBUS, O., September 11.—(By the United Press.)—The cold snap which has kept most of Ohio shivering all week, has been broken and more seasonable weather will prevail during the next few days, the Weather Bureau said today.

Record low temperatures for September 10, were registered in many parts of the state yesterday when the mercury dropped to 41 degrees.

Forecast predicted for the eastern part of Ohio last night did not materialize, reports from other cities said today. Light frost has been reported in Central Ohio, but thus far there has been little or no damage.

Court Test To Decide Rail Board's Right To Subpoena

CHICAGO, September 11.—(By the Associated Press.)—A court test to thoroughly interpret the law and right of the Railroad Labor Board to compel unwilling witnesses to testify, under the transportation act in the next step, according to board officials, in the controversy over wages and rules between the Western Railway managers and the Engine Service Brotherhoods.

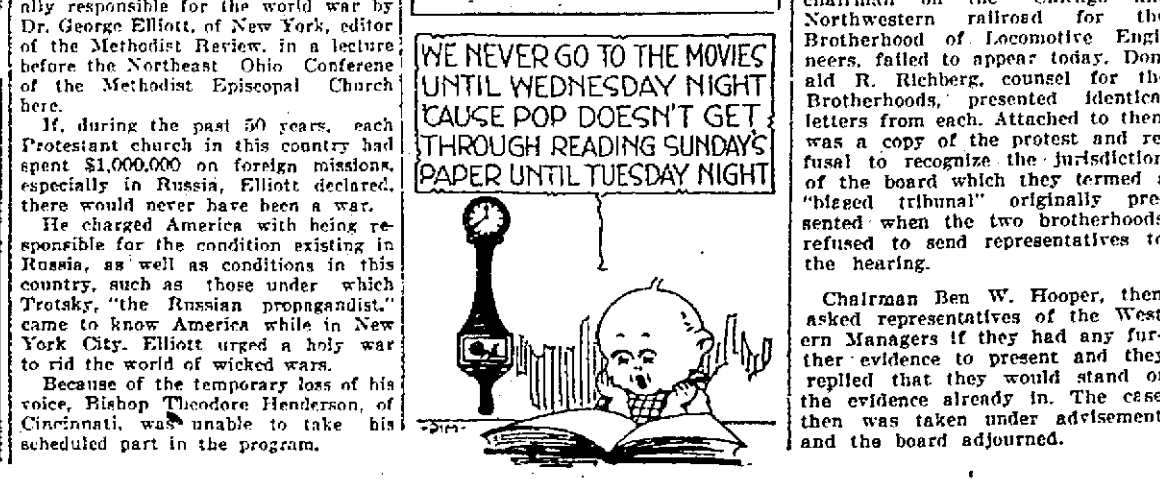

Representatives of the Engineers and Firemen again today refused to appear on subpoenas issued by the board.

When David Robertson, grand president of the Brotherhood of Locomotive Firemen and Engineers, and John McGuire, general chairman of the Chicago and Northwestern railroad for the Brotherhood of Locomotive Engineers, failed to appear today, Donald R. Richberg, counsel for the Brotherhoods, presented identical letters from each. Attached to them was a copy of the protest and refusal to recognize the jurisdiction of the board which they termed a "biased tribunal" originally presented when the two brotherhoods refused to send representatives to the hearing.

Chairman Ben W. Hooper, then asked representatives of the Western Managers if they had any further evidence to present and they replied that they would stand on the evidence already in. The case then was taken under advisement and the board adjourned.

Rain Over, Chinese War Is Resumed

SHANGHAI, September 11.—(By the Associated Press.)—Forces of rival military governors fighting for possession of Shanghai today directed their forces into the city.

At 10 o'clock, the forces of Chiang Kai-shek, 90 miles west of Shanghai, where the defending forces of the Chongking governor captured three towns near Taitung Lake.

A communique from the Chongking military headquarters this morning said the captured towns included Wuchang, Hsiaoan and Kachien. The same report said the invading Kuangtung troops were rushing up reinforcements to the thing from Kunming, 35 miles west of Shanghai.

SHANGHAI, September 11.—(By the Associated Press.)—Desperate attempts of the Kuangtung generals to check the advance of Chongking troops near Ning, a town about 100 miles to the westward of Shanghai, near Taitung Lake, took the bulk of interest in China's civil war away from the nearby battle fronts today.

The nearest sectors were not wholly without action, however. Observers who returned tonight from Hwangtu, about 15 miles west in the railway sector, told of a fierce attack last night by the Kuangtung forces which the Chongking soldiers defended Shanghai rapidly.

Fighting in the Lihao coast sector northwest of the city was reported by observers to be without special features.

The Chongking army started a counter attack in the Hwangtu sector tonight, the observers said, trying once more to effect the capture of Anling, five miles further west.

ESTES PARK, COLO., September 11.—(By the Associated Press.)—Ready after three days' rest in the Rockies for the strenuous days of campaigning, that are ahead, John W. Davis, Democratic presidential nominee had before him early today a 60 mile automobile drive through mountain passes and plains to Denver.

There tonight he will deliver an address on irrigation, conservation and the Ku Klux Klan in connection with these subjects, he will renew his assault upon the Republican administration both on its record and on the basis of proposals its spokesmen have put forward for the future. The Democratic standard bearer will be the guest at a luncheon and speak there briefly. He plans to remain in Denver over night, leaving tomorrow afternoon for Cheyenne, Wyo., where he has an engagement to speak tomorrow night.

Klan Candidate In Georgia Wins Sweeping Victory

ATLANTA, Ga., Sept. 11.—Senator Wm. J. Harris was renominated by overwhelming odds over his anti-Klan opponent former Gov. Thomas W. Hardwick, in Georgia's primary Wednesday.

Unofficial returns today gave the Georgia Senator 161 of the 180 counties of the state.

Truce in Columbus Gas Rate War

COLUMBUS, O., September 11.—(By the Associated Press.)—Danger of a gas famine in the city this winter due to the failure of the city council and gas companies furnishing fuel to the city to reach an agreement on rates was averted last night when a compromise was effected at a special meeting of the council and representatives of the companies.

The present rates are to remain in effect until September 24, when, if a referendum rate goes into effect the agreement will automatically be extended until November 10.

The companies contended that dependable service could not be given for a lower rate.

Council members were confident that before the compromise agreement expires, a satisfactory proposal will have been made and accepted.

Klan Candidates Victorious In Colorado Primary

DENVER, COLO., September 11.—(By the United Press.)—The Ku Klux Klan issue in Colorado will be carried to the poles in November, it appeared today on the face of practically complete returns from Tuesday's primary.

C. J. Moler, seeking the gubernatorial nomination on the Republican ticket and Rhea W. Meigs, running for the party by more than 2 to 1 in the primaries.

So far as known, there is no Klan sympathizer among the Democratic candidates, and Governor Sweet is seeking re-election on a vigorous anti-Klan stand.

Leniency of Criminal Courts Scored By Bishop Leete at Meeting of Conference

FRONTON, O., September 11.—The 113th annual conference of the Ohio Methodist church got down to business here today with Bishop Frederick D. Leete, Indianapolis, presiding. The sessions with 250 ministers and a like number of lay delegates, are being held in the First M. E. church.

Bishop Leete in an address scored the leniency of criminal courts throughout the country in murder cases. The denunciation was made after the announcement that Justice Carver gave the Franks slayers life for the murder of Doby Franks.

The conference will continue through Tuesday of next week.

A report of the church's activities and on prohibition will be made Friday by Rev. T. M. Hare, Columbus.

This afternoon Rev. W. C. Millikan, of Jackson, formerly of Trinity church, Portsmouth, and Rev. O. L. Hall of

South Webster, were on the program. Rev. Millikan presided, and Rev. Hall

gave a missionary talk. Tonight Rev. N. E. Butler, formerly of Trinity church, Portsmouth, will preside.

No Money for Two Schools

Two rural schools in Franklin township, Ross county, have failed to open for the new term of school on account of lack of funds to operate. Voters in that township failed to approve a three mill school levy and under a new law township and district school boards cannot borrow money. General funds from taxation will be available within a few weeks but the amount received will only run the schools a month or two. The three mill levy proposition will be put up to the voters again in November.

\$24,000 In Bonds Lost For Nine Years Have Been Recovered

COLUMBUS, O., September 11.—(By the United Press)—Officials of the Ladies' Auxiliary to the Brotherhood of Railway Trainmen announced today the recovery of \$24,000 in bonds which have been "lost" for nine years.

They were found by a Columbus business man wedged in the back of a safety deposit box he rented two and a half years after the bonds disappeared.

The Auxiliary had rented a box in the same deposit vault in April, 1915, and found that the first box assigned to them would not contain all of the bonds. They were transferred to a larger one. Five months later the auditing committee found the \$24,000 road bonds missing.

The Auxiliary immediately secured a court order establishing ownership of the missing bonds and since then it has been receiving interest on them.

A few days ago the Columbus business man, preparing to vacate his deposit box, found the missing bonds reposing behind his own papers. He immediately restored them to the Auxiliary. Neither the finder nor officers of the Auxiliary can explain how the bonds were overlooked.

SOCIETY

About twenty members of the I. C. E. of the First Christian church and a few additional friends assembled at the home of Mr. and Mrs. William H. Cline on Jackson street last evening for the pleasure of Victor Oakley of Chicago who has been spending the past few days at the Cline home as the guest of their son, Howard Cline. The early part of the evening was spent out of doors, where the young folks enjoyed a swimmer and marshallmow roast. After making merry around a huge bon fire and enjoying the huge feast, prepared for the occasion, they adjourned to the music room, where Mr. Oakley delighted the guests with a number of vocal and piano selections. He is now located in Chicago, where he is connected with a popular orchestra, and his friends enjoyed his impromptu concert very much.

Mr. and Mrs. C. C. Winkler of 5833 Gallia avenue wish to announce the marriage of their only daughter, Lorena Winkler, to Mr. Henry R. Taylor. Their marriage took place on Tuesday, September 9th, in the Second Presbyterian church in Cincinnati. Rev. Mr. Kemper performed the double ring ceremony, after which the young couple left on a short wedding trip. They are now at home to their friends with the bride's parents.

Mr. and Mrs. Herbert Wheeler (Dorothy Dobbins) and baby of Arkansas City, Ark., are visiting local relatives and friends.

The Woman's Home Missionary Society of Bigelow M. E. Church held their first fall meeting on Tuesday afternoon at the home of Mrs. H. B. Martin on Franklin avenue, with fifty members present. The meeting opened with a song by all present, after which Mrs. Lawrence Shump led in devotionals. Mrs. Terry Davenport had charge of the entertainments and Mrs. Cornelia H. Trent had an interesting talk on "The Christian Woman." Mrs. Frank Miller announced that the society had decided to raise \$260 pledge money for the coming year. This was also dues paying time and after the routine business was transacted the members enjoyed a pleasant social hour, during which a light refreshment course was served by the hostess and her assistants.

The next meeting will be held at the home of Mrs. Harry Waggoner in Wheelersburg and will be in the nature of a picnic.

Miss Alice Johnston of Campbell avenue, who was graduated last June from the nurses' training school of the Johns-Hopkins Hospital, Baltimore, Md., will leave Saturday for Middletown, Ohio, where she will be identified with the Public Health Association of that city.

Circle No. 3 of the First Evangelical church will meet tomorrow evening in the Sunday School room of the church. All members are urged to attend.

Miss Lillian Coates of Second street has returned from a month's visit with her sister, Miss Sarah Coates at her suburban home near Columbus. Mr. and Mrs. Emerson Whisen motored home with her for a brief visit.

Automatic Sprinkling System Set Off Causing Much of Loss Estimated at \$20,000

Damage estimated at \$20,000 was caused to the wood heel plant of the Vulcan Last Company, Third and Jefferson streets, this morning, when spark from machinery set fire to dust in the dust collecting and blower system that runs throughout the entire plant. The damage by fire was small in comparison to the damage caused by water when the plant's automatic sprinkling system worked to perfection and soaked the floors with water. Damage by water was to the floors, machinery and a large stock of wood heels, completed and in the course of manufacture.

The fire started in the large pipes of the dust collecting system on the third floor of the southeast wing of the building. The dust-collecting system operates by suction and when the fire started, sparks were drawn through the pipes to every section of the building. The heat in the large pipes is what started the sprinkling system on every floor and within a short time several inches of water stood on each floor.

A fire alarm brought the Seventh-Street and East End companies about 10:30 and they remained on the job until after 11:30. With the fire throughout every section of the plant it was hard to locate. The firemen had no more than reached their stations when a second alarm from the same place recalled them.

Fire which had been smoldering brought out a rush and caused considerable damage before the firemen could extinguish it.

The second time the firemen were called to the building they were forced to cut a hole in the dust collector and pour water into it. This was not done the first time because it was thought that the automatic sprinkler would take care of it. This also caused a great deal of damage. An insurance adjuster was in the city today and this afternoon wired his firm adjusting the damage which was covered by insurance. The company hopes to resume operations in almost every department this afternoon.

B. & O. Shopmen at Chillicothe Go Back to Six Day Week

CHILICOTHE, O., September 11.—B. & O. shopmen heard good news today when orders were posted putting the local shops back on a six day week basis. About the 500 local employees will resume the six day week plan for tomorrow while the remainder will take up the uninterrupted work schedule on Monday.

The order affects both the back shop and the car shop, where men have been working on the five day basis since May 19.

Increased coal and grain traffic is given as the reason for curtailment of the one day off schedule.

Boys Raid N. & W. Car

CHILICOTHE, O., September 11.—Hesitancy in giving their names at police headquarters gave three youth away yesterday and led, later, to a confession by one of the trio that they had rifled an N. & W. caboose.

The boys, picked up by Patrolman McKee, after some difficulty in thinking up suitable names, registered as follows:

18, both of Huntington, W. Va., and Robert Brown, 17, of Ashland, Ky. "It later turned out that Haythorn's right name is Jack Moses, while "Brown" was Robert Langthorn.

An over-supply of cigarettes also led to their closer questioning and resulted in confession of the raid on the car. N. & W. railroad police have been notified.

Thanksgiving Day was the time set for the next ceremonial to be held by Meenatum Temple, No. 217, D. O. K. K., when a well-attended meeting was held Wednesday night. Members are already passing out application blanks and expect to have a record class ready to cross the burning sands at this holiday season.

Announcement was made of a two-day convocation to be held at Dayton, October 20 and 21, and a number of members expressed their intention of attending. Dokes from all over the state will gather in the Gem City for a jolly good time, a big ceremonial to be one of the features.

Seek To Oust Standard Oil Company In Missouri

JEFFERSON CITY, MO., September 11.—A motion to enforce an ouster against the Standard Oil Company, of Indiana, imposed by the state supreme court in 1913, and suspended after a fine had been paid, was filed in supreme court today by Attorney General J. W. Barrett, who has just finished an investigation into gasoline prices in Missouri.

The 1913 order was suspended "during good behavior" the court probably in October, will rule on the petition. The standard ouster was granted in 1900 after Attorney General Hughes brought suit charging violation of the Anti-Trust law. The ouster was affirmed by the United States supreme court in 1913, after which it was raised on payment of a \$50,000 fine. Today's motion, if granted, will put the standard out of business in that state.

Half of Nation's People Expected to Participate in Defense Day

(BY LUDWELL DENNY) (United Press Staff Correspondent) WASHINGTON, September 11.—More than fifty million people or half the nation's population will be brought directly in contact with the country's defense problems through the defense test tomorrow, war department officials estimated today.

Half this number or 25,000,000 are expected to participate directly or indirectly in the local gatherings of citizens troops and the patriotic exercises scheduled to follow them in nearly every city and hamlet in the country.

The other half will be reached by General Pershing and Secretary of War Weeks over the radio. The same radio casting system set up for distribution of President Coolidge's acceptance speech has been provided to carry to last official word of the nation's war leaders to the people before Pershing's retirement at midnight tomorrow.

Corps area commanders reported in the department today that arrangements for the test have been perfect and an amazing turnout may be expected.

Do You Teach The Youngsters To Face The Facts?

School bells ringing for the new term call tomorrow's men and women—the leaders and workers of a few years hence.

Billions could not equal the wealth of this nation in its boys and girls. Added billions could not pay what school days will be worth to them.

Train them to meet each test as best they can, to cheer the comrade who passes them while each does the best he can.

HER TEMPORARY HUSBAND

The story of a girl who married a man on the brink of the grave and who was too kind to tumble in. Oh! what a delightful mix-up comedy. It's just full of those little things that bring laughter until the final fade-out. Oh! Yes we almost forgot — The girl has a beau and she's wild about him and he is about her and he becomes awfully angry when she marries the old duck. He plays a few tricks of his own — they're what bring the extra load of laughs.

You'll laugh at this mix-up —
You'll just roar at the fix-up!

A. B. C. Campaign Will Be Renewed

The A. B. C. Safety campaign inaugurated by the Exchange club last year and carried out so successfully through the co-operation of Boy Scouts and their officials, the police and all connected with the police department, the schools, and others, will be carried on this fall. Active

direction of the campaign will be in the hands of J. Frost Davis, general manager of the J. F. Davis Shoe company, who was responsible for the campaign last year. Associated with him will be D. D. Mitchell, Watson Goddard, C. E. Nodder, Eric Ferguson and Graves Williams, this

committee having the power to call to their assistance other members of the club or outsiders to help push the project.

A number of requests from parents have come to members of the club to renew the A. B. C. campaign, as they feel it has helped materially to make the streets of the city safer for children.

It is hoped to complete plans so that the schools may be visited next week, and the Scouts start work directing traffic at schools within a short time.

Removal of the market from the Gallia square also came up for consideration at the meeting of the Exchange club, and the members again unanimously gave approval to the

project. The fact that the Atlantic and Pacific highway is about to be put through the city to so as to eliminate the main business sections from the route has aroused renewed interest in the effort to renew the market from the downtown district.

Mr. Mark W. Selby was to have talked to the Exchange last evening concerning his recent trip to England, but was unable to be present. He has promised to give the talk at a later meeting.

Aside from the business the singing under leadership of Watson Goddard, with J. Frost Davis at the piano, was the big feature of the meeting. A. N. Harr, first vice-president, presided in the absence of President Forrest Williams.

Are You a Slave To Your Stomach?

Heartburn, gas, sour stomach relieved quickly by Haley's Magnesia-Oil.

If your stomach is easily upset; if you suffer with indigestion, headaches, heartburn, dizzy spells, hiccups, you can depend on it—acidosis (too much acid in the stomach) is to blame.

Thousands have found quick, pleasant relief from all these ills by taking Haley's Magnesia-Oil, the new scientific combination of pure mineral oil and milk of magnesia.

Get a bottle of Haley's at your drug-gist's today and keep it handy on the bathroom shelf. At the first sign of indigestion or constipation take a good swallow of Magnesia-Oil and see how soon you are all fixed up.

The fine quality milk of magnesia contained in Haley's M-O neutralizes stomach acids and the pure mineral oil lubricates the intestines, enabling the body to cast off the waste poisons that always bring sickness in their wake.

Haley's is absolutely harmless. You can give it to the children without the slightest fear. It is splendid for colds, too, because it corrects constipation without gripping or forming a ball.

All druggists sell Haley's, trial size 25c, economical family size \$1.00, and purges recommended by The Haley M-O Company, Indianapolis, Ind.

Contractor Starts On Country Club Walks

The Paul G. Williams Company started work on the concrete walks at the Country Club this morning.

This, among other improvements, will be rushed to completion in order that everything will be in readiness for the opening scheduled for October first.

And when these improvements have been made and the opening day arrives, Portsmouth people can boast of one of the finest Country Clubs in the state of Ohio, with an excellently laid out golf course, and a most modern furnished club house.

The continuation of the paving to the entrance of the Club grounds will also be a decided asset in that it will provide an easily accessible roadway at all times.

Impressive Ceremonies Will Be Feature Of Defense Day Here

Period of Silence Will Be Observed at Two O'clock

The pages of Time's book will be turned backward for six years tomorrow, September 12, while the people of these United States live over again in memory the battle of St. Albans.

As the boys in khaki march once more, in honor of National Defense Day, set by the president on this sixth anniversary of that holocaust of blood, the hearts of the nation will be raised in grateful thanks for the years of peace.

And as the throngs march by, the brave remnant of the Grand Army of the Republic, veterans of the Spanish War, men who fought in the World War, the Red Cross, civic clubs and other civilians, the thought of all will be "How can I best serve my country in a national emergency?"

For the purpose of Defense Day is not for war, but for peace.

Portsmouth's demonstration will begin at 2 o'clock tomorrow afternoon, with the silent period of two minutes asked for by Mayor Ralph Calvert, when all activity will cease while every person asks himself the question above, "How can I best serve my country in a national emergency?"

H. G. Bonner, general manager of the Portsmouth Public Service Co., announced today that in accordance with the mayor's request, all street cars will stop for two minutes at 2 p. m. tomorrow in observance of the silent period.

The parade which will follow the silent period will be in charge of Capt. Cary M. Williams.

Chairman Arthur F. Young, yesterday evening, announced that Gilbert F. Dadds of the Sons of Veterans was in charge of the G. A. R. sector of the parade which will form at two o'clock Friday afternoon. The Grand Army members will be driven in the parade in autos, and will be given a place of honor in the line of march.

Others participating will be various lodges, the American Legion; patriotic orders; Battery B, Coast Artillery; and firemen; Red Cross; civic clubs, and civilians. The parade will form at the Armory, Third, below Washington, at two o'clock. Capt. Cary M. Williams is chairman of the special sub-committee in charge of parade arrangements.

The parade will move to Mount Park, and there an address will be delivered by the Rev. William H. Phelps, D. D., pastor of the Second Presbyterian church.

The local defense day committee last night issued the following statement:

Purposes of Defense Test Day. "The vast majority of all American citizens approve the sentiments expressed by General Pershing, that if National Defense is right, it is equally right to prepare for it." Likewise, the vast majority of all American citizens—no matter how small a minority—definitely opposed to any war of aggression. It has always been so. No nation in all history has so clean and honorable a record in this respect. The old slogan of over a century ago, "Millions for Defense and not a cent for Tribute," still represents the principle to which our people are committed.

"The National Government, acting through the War Department, with the authority of Congress, and with

the full sympathy and support of the President, believing that some sort of inventory or test of the ability and willingness of the people to quickly and effectively organize themselves for National Defense is a necessity which must recur from time to time, and believing that now, five years after the disbandment of our Army, is a wise and fitting time to hold it, has set apart Sept. 12, 1924, as Defense Test Day.

"The right and duty of self defense is inherent in every nation. Steps taken for this purpose and with this object in view are not a militaristic gesture. All nations can and should observe such precautions for the general good and maintenance of peace. The citizens of the United States will not consent to have their action in observing Defense Test Day interpreted as signifying any desire to preserve or build up a war spirit. All it means is, that much as we love peace and anxious as we are to maintain it, it is still wise to 'keep our powder dry'."

"No doubt there are here and there people of the conscientious objector or non-resister type, who would interpret this line as a step towards militarism, calculated to encourage the war spirit, and as such unnecessary and undesirable. Such people will, therefore, oppose it. Such extreme pacifistic views are as dangerous to the very peace they long for, as the extreme militaristic who would ship war for war's sake. Luckily for the world, there are very few of that sort, in this or any other country. The vast mass of mankind wants to see the entire world organized for peace, and believes that a well-considered plan for self defense on the part of every nation is the best possible insurance against the peace being wantonly violated.

"We must never forget that it takes two to keep the Peace. America is now and always has been peace-loving and indisposed to fight—she has never been ready with either men or munitions in the wars into which she has been forced since 1776. But wars have been forced upon her once in every generation. By her very weakness and unreadiness her wars have been made more frequent, more prolonged, and enormously more destructive in life and treasure. This was never more true than in the last war, in which we had to fight with borrowed weapons all the way through, and our own equipment, costing billions of dollars, was just about ready at the end.

"Two lessons this last, and most terrible war, has taught us—viz, that we cannot depend upon small forces of professional soldiers, no matter how skilled they may be, to protect us in national emergencies. Neither can we get ready to protect ourselves, after the trouble begins. As a result, Congress has passed a National Defense Act, which provides for peace-time organization of a Citizens Army and peace-time organization of industry to enable that Citizens Army to be equipped and able to do its work.

"And that is what Defense Test Day means. That is what it is for—it is to see whether the plans the Government has been maturing for five years are perfect and workable, or whether they are not. They will be practical and workable. If the great mass of Americans of all walks of life, understand the situation, the loyal heart of America, pulsing with the fervent love of country, and the peerless civilization which has been developed here, can be depended on. There is no danger of the American people refusing or failing to support any measure which the calm judgment of the Government says is necessary for the preservation and safety of all.

"Therefore, we the undersigned, an authorized committee of the citizens of Scioto county organized under the sanction of the Governor of Ohio, do now urge all citizens of this county to enthusiastically participate in this Defense Test Day, and to loyally carry out, as best you can, such duties and requests as may be asked of you.

"In the name of the safety of all,
"ARTHUR F. YOUNG, Chairman
"JOHN A. LLOYD,
"CARY M. WILLIAMS,
"DAVID E. GARDNER,
"HAROLD CLAYTON,
"F. B. MATTHEWS,
"RALPH CALVERT,
"HENRY F. BERTRAM."

BIG ULCER

Now She Can Walk
"I'm Happy," Says Peterson

"Here is another letter that makes me happy," says Peterson. "I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a big-hearted rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment."

"Read this letter by Mrs. Albert Southcott. It seems like a miracle but it is true, every word of it."

"Is it any wonder I am happy?"

"Dear Sirs:
"I was a sufferer from an old running sore and ulcer. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first day took away the pain, that had not left me before in years, and after using just nine dollars worth, I am cured. The ulcer was 2 inches by 6-1/2 inches, is all healed and I can walk. Never, never will I be without Peterson's Ointment."

"You may use this to recommend your ointment if you wish. I cannot say enough to praise it. Yours truly, Mrs. Albert Southcott, Lyndonville, N. Y. Price, 25c."

McDermott at Home Sunday

Sunday afternoon, the McDermott nine plays at home, with Grimm's All-Stars, of this city, furnishing the opposition. These two teams met earlier in the season and McDermott won. Manager Elliott, of the village team, says the series will end with

McDermott taking this second game, while Manager Jack Grimm says his bats are going to win in order to make it a real three-game series. The following Sunday the McDermott team plays at home with the Rangers, of Coal Grove.

Knights of Malta Elect

George Klab was elected to direct the activities of the Knights of Malta when the election of officers was held at last night's well attended meeting of Scioto Commandery No. 123, K. 1. O.

The election resulted as follows: Sir Knight Commander, George Klab; Grand Master, Heber Shook; Prelate H. B. Adams; Captain General B. E. Gynn; Assistant Recorder, G. W. Swishelm; Senior Warden, John Allen; Junior Warden, J. W. Kimble; Standard Bearer, J.

F. Miles; Sword Bearer, Lloyd Lawson; Second Guard J. E. Sleight; First Guard, G. W. Ratcliff; Outer Guard, Albert Fulk; Sentinel, Clyde Ball.

The meeting was featured by a talk on the good of the order by D. C. Stafford, of the Grand Lodge, from Cleveland, Ohio.

After the close of the meeting a snacker was held during which refreshments were served.

Rain Halts Fight

CLEVELAND, Sept. 11.—Rain again caused a postponement of the ten round no decision contest between Gene Tunney, light heavyweight champion and Harry Greb, world's middle weight title holder, scheduled for last night. It will be held next Wednesday night. The fight originally was set for Monday night but rain caused a postponement until last night and again until tonight.

\$12,000 Fire in C. & O. Shops

HUNTINGTON, W. VA., Sept. 11.—Damages of approximately \$12,000 was caused by fire at the Chesapeake & Ohio railway shops yesterday afternoon.

The fire originated in and near the brass foundry department, completely demolishing a car repair shed and workshop and caused no small damage to adjacent structures.

The blaze originated when a hot iron came in contact with a paint brush and the spread of the flames was rapid when several barrels of inflammable matter quickly became ignited.

I Found the Way to Health in a Country Drug Store

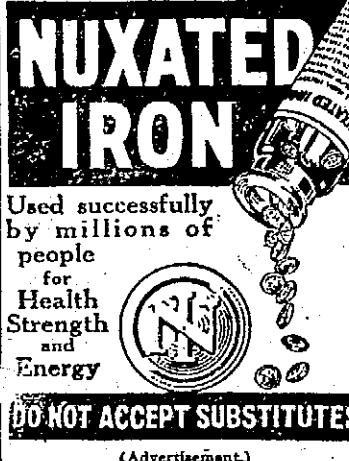

Story of a Rich City Banker's Wife Who Had Been Ailing, Complaining and Doctoring for Years

"A Druggist in a Little Country Town Taught Me the Secret of Health and Strength"

"For years neither my husband nor I got any enjoyment out of life because of my ill health. I was always ailing, nervous, weak and run-down; never actually bed-ridden but life seemed just one long struggle. Headaches, dizziness, colds, and influenza. One day I would think I had heart trouble because of pains around the heart, another time I would have all the symptoms of kidney trouble with dull aching back. My lips and cheeks were pale and yellow and I looked years older than my right age.

One day in a little village drug store, a kindly old man, said to me, 'You surely look all run-down and weak. Tell me what's the matter with you?' I told him my troubles and he said, 'You get your veins full of rich, red blood and the color back in your lips and cheeks, and you'll always be doctoring for one pain or another. Your blood is thin, pale and watery for lack of iron and when your blood lacks iron your food simply passes through you without doing you any good. All your vital organs are starved for nourishment and you get these symptoms of danger.'"

TRANS-COUNTRY FLIGHT LEAD OVER NEW ROUTE

WASHINGTON, Sept. 11.—Lieut. Erik Nelson, flew his world grinding airplane, New Orleans to Bolling Field, from Hialeah, near Baltimore, Md., today, rejoining Lieut. Lowell H. Smith's Chicago at 8:27 p. m.

The New Orleans, which was forced down by the stripping of a timing gear yesterday while enroute from Mitchell Field to Washington made the flight in 28 minutes with a new engine sent to Hialeah from Bolling Field by airplane. Few spectators were on hand to greet the ship and her crew, no announcement of the time of the short hop having been made in advance.

A new route for the flight from Washington to Seattle was announced today by the war department.

The itinerary takes in Dayton, Chicago, Omaha, Nebraska, St. Joseph, Mo., Mesquite, Okla., Dallas, Texas; El Paso, Texas; Tucson, Ariz.; San Diego, Los Angeles and San Francisco; Eugene, Ore., and Seattle, Wash.

WASHINGTON, Sept. 11.—Senator La Follette, independent candidate for president, was told today by a delegation representing the Steuben Society that he could count on the support of 6,000,000 votes of German descent.

The delegation, headed by William Meuser, of New York, called on the senator to notify him officially of the endorsement given his candidacy by the society at its recent convention in Detroit.

The NERVOUS WRECK

by E. J. Rath

©1924—By FEA Service Inc.

BEGIN HERE TODAY

The "Nervous Wreck," an eccentric young easterner, is driving Sally Morgan from her father's ranch to the station when they run out of gasoline. At the point of a gun the Wreck takes five gallons from a passing car.

They are held captive at a ranch owned by Mr. Underwood, who was in the car which they held up. They finally escape from the ranch, run into a camp of real bandits, are captured a second time, and then escape again. Fleeing from the bandit camp, they are confronted by Sheriff Bob Wells and a companion, Wells, who is Sally's fiancé, had been leading a search for the "bandit" who held up Underwood. Angered at the sheriff, Sally breaks off the engagement and says she is going to marry the Wreck. The sheriff promptly places the Wreck under arrest, and they move away.

NOW GO ON WITH THE STORY

The prospect of going to jail did not disturb the Wreck. He did not take it very seriously. The only point was getting Sally back to peace and happiness. Whenever they got through with him he would go back to Pittsburgh, where he might forget about things or might not. But before that everything must be made straight and smooth for Sally Morgan. Engaged to her? He laughed to himself. Not that there was any truth in it, but it was a form of self-mockery for which he was in the mood.

The cavalcade was in the woods, where Sally found it easier to follow the trail than she expected. Presently they came to a splitting of the trail and Sally could not be certain of her course.

Then she came to a second spot where there was a confusion of foot-prints and hoof-prints, and this she knew to be the place where she and the Wreck had discovered their mounts.

In the end, retracing of a wandering trail brought them to a place that Sally and the Wreck instantly recognized. It was the camp of the three-man gang. There was little left but soaked embers, but there was no opportunity for mistake.

The sheriff dismounted and examined the place attentively. He listened closely while Sally explained everything, including the affair of Denver and the thunderstorm. She seemed to stress the part the Wreck had played.

The Wreck left the telling all to her. When the sheriff began walking to and fro, studying the deserted camp, the Wreck found himself side by side with Sally. It was their first proximity since they had mounted the horses at the foot of the hill, miles back. He moved uneasily in his saddle.

He glanced at her, because it seemed difficult not to do so. Sally smiled encouragingly. But the smile robbed him of his wits.

"It's a nice day," he said.

She glanced up at the sky, through the trees-top. It was blue and laughing now.

"Beautiful," she answered.

"Not so warm as yesterday."

"No; not so warm."

He made a nervous gesture that meant nothing in particular.

"But it's likely to be warmer to-morrow," he blurted.

"Yes," said Sally.

"And it probably won't rain."

"Probably not."

The conversation had exhausted everything he dared to say. But she would not let him alone.

"I think," she said, "that the rest of the summer won't be quite so hot. It gets cool at night, you know."

"Oh, huh."

"But, of course, we can't tell. We might have a hot wave."

He looked at her suspiciously.

"Still, we might not have it," she added.

"It's all luck."

"Yes; luck," he nodded.

Now she laughed outright.

"Tenny, please don't be absurd. Could you for something, jump all over me?"

"You're all right," said the Wreck lamely.

"That's not much, but it's better than the weather," said Sally.

He shook his head irritably. He was miserable at heart and he knew he was ridiculous.

The merriment faded from Sally's face; the look in her eyes softened. Poor Wreck!

"Just forget it," she said. "I didn't mean anything."

"Oh, that's all right."

"Thanks, old timer."

From the deserted camp the quiet, captors and prisoners, rule over to where the fliver had been left. It was ridiculously easy to find it by daylight. When the Wreck saw the car he went into a black rage.

The fliver was lying on its side in a clump of bushes with two wheels in the air. It was plain enough that Noyes's gang had undertaken to turn it around and head it back toward the main road, but the turning room was limited, and the surface was a hillside, and the thing had gone over for want of a skilled hand.

The Wreck climbed down from his horse and walked around his beloved car, furious but saying nothing. Yet so far as he could see, there was nothing radically wrong with the fliver.

"Is it very much damaged, Henry?" asked Sally.

"No," he answered, shortly.

"Will it run?"

"Of course."

They were still examining the fliver when two men came down the abandoned road and halted the sheriff. They were the other half of Bob Wells's posse.

"Good thing you got them horses," said one of them to Bob Wells. "We need 'em. Bill and me have been searching around since you was gone and haven't hit a hot trail. But there wasn't any use tryin' to follow it on foot. If we're quick we'll nail 'em before sundown."

"Two nailed one of them already," said the sheriff, with a glance at the Wreck.

"Who, him?" The newcomers stared briefly. "Well, maybe. Only he's got a hot trail with this bunch we've got located. We better get started, Bob."

But the sheriff was not ready to start. The news from the dismounted half of the posse put him in a quandary. It was plain enough that what Sally and the Wreck said about the gang was true. He related what he knew about the Wreck and asked for an opinion.

One of the sheriff's assistants was a middle-aged man of solid appearance. He studied the Wreck with shrewd eyes.

"Well, I don't know anything about him," he said. "But I know we've got some other folks located that we want him. And you're missin' the chance of your life, Bob, if you don't get started."

Bob Wells was rapidly reaching the same conclusion. But what was he going to do about the Wreck? He could not take him along on a man hunt, for there was no spare horse. He did not believe that he really wanted him after all, but he wanted to let him go, particularly when he looked at Sally Morgan. Even the man who had been with him during the hunt on the hillside acted as though he did not regard Henry Williams as a person of particular importance, so far as the law was concerned.

"Sally," said the sheriff, suddenly.

"What for?"

"I'm going to put this man in your custody."

Backs Statement Previously Made

"I'm a Well Man Now," Says This Enthusiastic Ka-di-ok User After Regaining Health.

Mr. J. Harvey Miller

"I made a statement two years ago after taking Ka-di-ok and I'm here to back every word of it after enjoying two years of good health." This was the statement of Mr. J. Harvey Miller, a dealer in the gas fields who lives at 1801 1/2 Third Avenue, Huntington, W. Va.

"I suffered constantly for twelve years with pains in my side caused by intestinal indigestion. I spent a good part of my savings for various treatments none of which gave me any relief and was advised that the only thing that would help me was an operation.

"I am no coward but dreaded an operation of this kind, and had at length made up my mind to go through with it when I bought my first bottle of Ka-di-ok. Right from the very first dose I began to feel better."

"I took only four bottles of Ka-di-ok and that has been two years ago. I'm here to tell you that I'm well now, and able to work every day. I eat heartily, sleep well and feel fine in every way. Ka-di-ok has done me more good than all the other medicines I have ever taken. I feel as strong and well as a young cut. I am certainly glad to recommend Ka-di-ok to my friends."

And no wonder—Ka-di-ok wouldn't recommend a remedy that accomplished as much. But many are the experiences similar to his, and many are the statements just as enthusiastic as his. This remedy has done wonders for thousands of people throughout the country who suffered from various ailments of the stomach, kidneys and liver.

Ka-di-ok may be obtained at all drug stores in Portsmouth.

but there was no opportunity for mistake.

The sheriff dismounted and examined the place attentively. He listened closely while Sally explained everything, including the affair of Denver and the thunderstorm. She seemed to stress the part the Wreck had played.

The Wreck left the telling all to her. When the sheriff began walking to and fro, studying the deserted camp, the Wreck found himself side by side with Sally. It was their first proximity since they had mounted the horses at the foot of the hill, miles back. He moved uneasily in his saddle.

He glanced at her, because it seemed difficult not to do so. Sally smiled encouragingly. But the smile robbed him of his wits.

"It's a nice day," he said.

She glanced up at the sky, through the trees-top. It was blue and laughing now.

"Beautiful," she answered.

"Not so warm as yesterday."

"No; not so warm."

He made a nervous gesture that meant nothing in particular.

"But it's likely to be warmer to-morrow," he blurted.

"Yes," said Sally.

"And it probably won't rain."

"Probably not."

The conversation had exhausted everything he dared to say. But she would not let him alone.

"I think," she said, "that the rest of the summer won't be quite so hot. It gets cool at night, you know."

"Oh, huh."

"But, of course, we can't tell. We might have a hot wave."

He looked at her suspiciously.

"Still, we might not have it," she added.

"It's all luck."

"Yes; luck," he nodded.

Now she laughed outright.

"Tenny, please don't be absurd. Could you for something, jump all over me?"

"You're all right," said the Wreck lamely.

"That's not much, but it's better than the weather," said Sally.

He shook his head irritably. He was miserable at heart and he knew he was ridiculous.

The merriment faded from Sally's face; the look in her eyes softened. Poor Wreck!

"Just forget it," she said. "I didn't mean anything."

"Oh, that's all right."

"Thanks, old timer."

From the deserted camp the quiet, captors and prisoners, rule over to where the fliver had been left. It was ridiculously easy to find it by daylight. When the Wreck saw the car he went into a black rage.

The fliver was lying on its side in a clump of bushes with two wheels in the air. It was plain enough that Noyes's gang had undertaken to turn it around and head it back toward the main road, but the turning room was limited, and the surface was a hillside, and the thing had gone over for want of a skilled hand.

The Wreck climbed down from his horse and walked around his beloved car, furious but saying nothing. Yet so far as he could see, there was nothing radically wrong with the fliver.

"Is it very much damaged, Henry?" asked Sally.

"No," he answered, shortly.

"Will it run?"

"Of course."

They were still examining the fliver when two men came down the abandoned road and halted the sheriff. They were the other half of Bob Wells's posse.

"Good thing you got them horses," said one of them to Bob Wells. "We need 'em. Bill and me have been searching around since you was gone and haven't hit a hot trail. But there wasn't any use tryin' to follow it on foot. If we're quick we'll nail 'em before sundown."

"Two nailed one of them already," said the sheriff, with a glance at the Wreck.

"Who, him?" The newcomers stared briefly. "Well, maybe. Only he's got a hot trail with this bunch we've got located. We better get started, Bob."

But the sheriff was not ready to start. The news from the dismounted half of the posse put him in a quandary. It was plain enough that what Sally and the Wreck said about the gang was true. He related what he knew about the Wreck and asked for an opinion.

One of the sheriff's assistants was a middle-aged man of solid appearance. He studied the Wreck with shrewd eyes.

"Well, I don't know anything about him," he said. "But I know we've got some other folks located that we want him. And you're missin' the chance of your life, Bob, if you don't get started."

Bob Wells was rapidly reaching the same conclusion. But what was he going to do about the Wreck? He could not take him along on a man hunt, for there was no spare horse. He did not believe that he really wanted him after all, but he wanted to let him go, particularly when he looked at Sally Morgan. Even the man who had been with him during the hunt on the hillside acted as though he did not regard Henry Williams as a person of particular importance, so far as the law was concerned.

"Sally," said the sheriff, suddenly.

"What for?"

"I'm going to put this man in your custody."

Women Placed in Control of Ohio Republican State Executive Committee

COLUMBUS, Sept. 11.—(By A. P.)—For the first time in the history of Ohio politics, women will have control of one of the important major party committees during the campaign. The woman-controlled body is the Republican state executive committee, led by Mrs. Wilmer H. Crawford, Cincinnati, chairman, and Mrs. Anna S. Tod, Youngstown, secretary. Mrs. Tod was named to the committee as a member, giving the women 23 members and the men 22. Women members of all the districts except the 22nd were formally approved by the central committee meeting.

At Last—a Blonde Hair Shampoo!

Give Light Hair from Darkening—Fighting Faded Blonde Hair—With light haired people wash their hair in an ordinary way, a thin film of oil is on each hair, which collects dirt and dust, causing the hair to darken. Why blondes should always use a special shampoo. For white light hair is so attractive, its beauty is lost when it becomes uncertain in color, looking and streaky. Blonde hair keeps blonde hair from becoming actually brown. It actually brings back the natural beauty to even the darkest faded blonde hair. Makes hair soft, silky. Highly beneficial to scalp and scalp. It is not a dye, it is a hair cleanser. Money refunded if not delighted. Get it today at all good dealers, such as J. W. White, Frank C. Miller, Flood & Co., and others.

Don V. Parker, Ashtabula, former state prohibition commissioner and now in the attorney general's office, as chairman of the speaker's bureau. He immediately wired Senators William H. Borah, Idaho, and Arthur Capper, Kansas, and John W. Lewis, international president of the United Mine Workers of America, to ascertain whether they can participate in the formal opening of the campaign at Marion, September 27. It is hoped to have at least one of the senators and Mr. Lewis speak at the opening. The campaign committee also named one of its members, J. O. Mills, Columbus, secretary of the committee. Arrangements also were made to open state headquarters in the Howlands building here, immediately. No publicity manager has not yet been selected. The central committee decided to keep its headquarters here open and received Walter Rogers, Newark, executive secretary and Mrs. Jan Blair Fuller, Columbus, private secretary to Chairman Warner. Women members of the executive committee whose appointments were formally approved by the central committee today were:

First—Mrs. Wilmer H. Crawford, Cincinnati.
Second—Mrs. Cora Higdon, Cincinnati.
Third—Mrs. A. S. Greikman, Dayton.
Fourth—Mrs. A. E. Gale, Lima.
Fifth—Mrs. Andrew Kerschner, Napoleon.
Sixth—Mrs. Harry W. Miller, Portsmouth.
Seventh—Mrs. W. G. Rockell, Springfield.
Eighth—Miss Edna Bright, Findlay.
Ninth—Mrs. Dwight J. Peterson, Toledo.

Eighteenth—Mrs. J. Phillip Perry, Jefferson.
Twentieth—Mrs. J. M. Shallenbarger, Cleveland.
Twenty-first—Mrs. Dora Brush, Cleveland.
At-large—Mrs. Anna S. Tod, Youngstown.

Twelfth—Mrs. J. E. Atwood, Columbus.
Thirteenth—Mrs. Charles L. Holter, Fremont.
Fourteenth—Mrs. W. E. Pardee, Akron.
Fifteenth—Mrs. Dora B. Smith, Caldwell.
Sixteenth—Mrs. William Annat, Wooster.

HE ASKS COURT TO BAR MRS. FERGUSON
AUSTIN, Tex., Sept. 11.—An injunction suit to prevent Mrs. Miriam A. Ferguson, from becoming governor of Texas was filed here today in the 53rd district court by Charles M. Dickson, San Antonio. The suit is directed against the county judge, the county clerk and the sheriff of every county in Texas and seeks to prevent Mrs. Ferguson's name going on the ballot.

Mr. Dickson's petition, which was filed by I. W. Stephens, Fort Worth, attorney for Dickson, alleges that Jas. E. Ferguson, who is debarrated from holding office, is the real candidate in the name of his wife, and that if her name is not kept off the ballot Ferguson will be elected governor in the name of his wife, thereby circumventing the judgment of impeachment and disqualification against Ferguson.

Another proposition presented by the petition is that at common law which was adopted in Texas in 1840, a woman, especially a married woman, was ineligible to hold any executive or judicial office and that no such right has been conferred by statute of the constitution. The constitution, by use of the masculine gender, it is contended, and by making the governor commander-in-chief of the military forces, excludes a woman from holding office of governor as the governor is a member of the militia, which is declared to be composed of "able bodied" male citizens above a certain age.

RECEIVERSHIP FOR WILSON COMPANY TO CONTINUE
NEW YORK, Sept. 11.—Federal Judge Bondy today ordered the present receivers for Wilson and company, Chicago packers, to continue in their present capacity for the duration of the bankruptcy suit. This order gave the receivers complete charge of the company's affairs in New York and Illinois until a re-organization is effected.

DAVIS INITIATED AS MEMBER, ADDRESSES BOY SCOUT GATHERING
ESTES PARK, Colo., Sept. 11.—With picturesque formalities conducted among the snow clad peaks of the Rocky Mountains, John W. Davis, the Democratic presidential candidate, was initiated today into honorary membership of the Boy Scouts of America. Surrounded by some 600 executives of the scouts in a broad field in Rocky Mountain National Park, Mr. Davis was inducted into honorary membership by one group from each of the four regions of the country, west, east, north and south. Before the initiation Mr. Davis addressed the scout executives who are gathered in biennial session, congratulating them for the citizenship work which they are doing this year.

Waverly Discusses Natural Gas Franchise

WAVERLY, Ohio, September 11.—(Special to The Times).—A general discussion of the possibility of this village getting natural gas held at a public meeting in the court house last night, resulted in a number of property owners voicing disapproval of the contemplated rate of 50 cents per thousand feet and long-term franchise of 25 years asked for by the men making the proposition.

It was the opinion of the majority that the rate should be lower due to the nearness of the field, the gas wells being located near Beaver, which village has granted the gas promoters a franchise. Everyone present was in favor of the village obtaining this needed franchise discussed the possibility of gas being struck nearer the village in which case the owners of that well would

want to enter the village at a lower rate than could be offered by the well owners in the Beaver community. County will pass upon the twenty-five-year franchise and 50 cents per thousand foot proposition at their next meeting Wednesday night. Joseph L. Norton and William Freud, engineer, of Charleston, are representing the owners of the gas supply. They also expect to pipe gas into Picketon.

Kiwanians Enjoy Outing at Pfau Camp

It is generally admitted that music hath charms to soothe the savage breast, but that it was of such harmony to win the plaudits of the soloist of the Exchange Club when propelled from the throats of members of the Kiwanis Club was not known until, Wednesday night, when the Kiwanians were the guests of Adam Pfau at his camp on Whetstone Creek. Hardly had the big chicken dinner been devoured than the members started singing some of their familiar camp songs. Under the leadership of Leo Krieger, the chorus of "Old Black Joe" had been reached when the door was forced open by Fred Lorey, song leader of the Exchange Club, who

halted proceedings long enough to compliment the members upon the wonderful harmony produced and to beg for a chance to lead the next number, "Sweet Adeline." About thirty members were present, a surprisingly small number when the enrollment is taken into consideration. However, those who were present will remember the affair as one of the best of the year and the program committee of which John McMillan is chairman, is to be congratulated upon staging the outing. The dinner was served by the American restaurant and was a feed long to be remembered. The club will resume its regular Wednesday noon meetings at the Mary Louise, starting next Wednesday.

Waverly Firemen Must Depend On Public for Salary; Fund Is Empty

WAVERLY, O., Sept. 11.—(Special to The Times).—If the village firemen who have already handed in their resignations to Council are to receive any back salary it will come from the public spirited residents of this community. At a public meeting last night, the fire department situation was discussed from all angles and it

was finally decided to make an effort to raise the needed \$950 by public subscription. The salaries for the fire chief and about twenty men amount to \$235 per year. They did not receive a penny last year and are unpaid so far this year. It is understood the firemen will be willing to continue work if they receive last

year's pay and are given some hope of receiving pay for this year. The village is in a strained financial condition, due to the reeling of a number of street paving, water works and electric light plant bonds this year. Deficiency bonds were issued several years ago and they are all falling due this year.

President of Vinton County National Bank Is Found Dead By Watchman

McARTHUR, O., Sept. 11.—(Special to The Times).—Residents of McArthur and Vinton county were shocked last night to learn of the death of Dan Will, 92, president of the Vinton County National Bank here. He was found dead in the bank at about 8:30 o'clock last night by the night watchman, E. E. Hartley. Mr. Will was found on the floor of a small room at the rear of the bank. It was his custom to remain

at the bank after closing hours and read, and it is thought that he suffered a fatal heart attack as he walked into the room early last night. Physicians who were called found death due to heart trouble and infirmities. Mr. Will, reputed to be the wealthiest man in Vinton county and one of the oldest bank presidents in the state, founded the Vinton County

National Bank in 1872. Despite his advanced age he continued to take an active part in the affairs of the institution and was about the bank as usual Wednesday. Before 1872 he had a private bank here. Mr. Will, well known among bankers in this section, was a bachelor. He leaves a brother, Aaron Will, Sr., here and two sisters, Mrs. S. E. Dunkle of Des Moines, Iowa, and Mrs. Clara Rhea of Cleveland.

Firpo and Wills, Contenders for Heavyweight Championship Ready for Tap of Bell Tonight

BY HENRY L. FARRELL
(United Press Staff Correspondent.)
JERSEY CITY, N. J., September 11.—Louis Angel Firpo, heavyweight champion of South America and Harry Wills, leading American contender for the world's championship, meet here tonight in a 12 round no-decision contest that will decide the next opponent for Jack Dempsey.

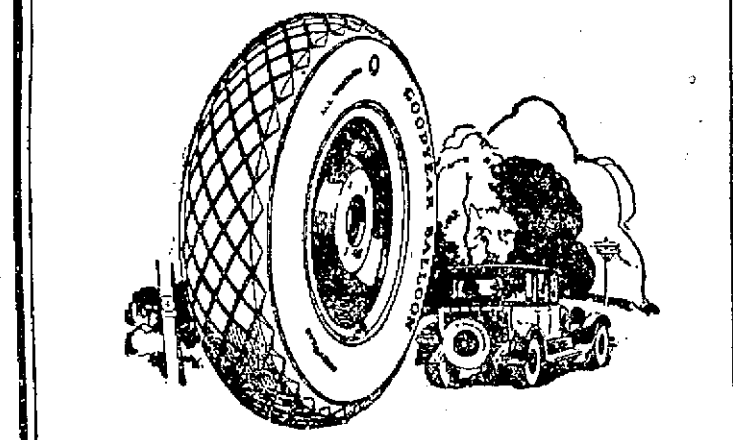

With all the preliminaries arranged and with the faintest of weather prevailing the contest was waiting only for the opening of the gates and the arrival of the starting time.

Tex Rickard's business representatives said that more than \$400,000 worth of reserved seats had been sold and they felt sure that the receipts would reach \$500,000. Rickard's weather luck again prevailed when the morning broke clear and cool and brought about a brisk increase in the sale of tickets when a weather gamble seemed out of the question. Looking over the names of the box holders it seemed certain that a crowd almost as colorful as that which witnessed the Dempsey-Carpenter fight in the same arena would watch the two big heavyweights battle for a small fortune and the chance to make a bigger one. Rickard said that Wills would draw \$150,000 as his end and that Firpo had been promised \$100,000 with a cut of the receipts that would make his share a much larger sum. It was generally believed that the South American had been assured that he would not get less than \$200,000.

Although there seemed to be some doubt that he would attend, Rickard said that he had made all arrangements to receive the Prince of Wales and his party and give them full protection at the ringside. Mayor Hague has selected a special bodyguard consisting of the pick of the Jersey city police department to watch over the prince's party. Rickard said that he had sent 100 choice seats to the U. S. Polo Association to take care of the prince and their honored guests. The arena will be opened at 4 p. m., and the first of the preliminary bouts probably will start about 8:15. Rickard said the main bout would go on not later than 10 o'clock and that it might be started as early as 9:30. If there is any threat of rain tonight the main bout will be started as early as it is thought necessary to beat a postponement.

Danny Sullivan, one of the most experienced referees in the east, will be in charge of the main bout. Sullivan was picked not only because of his experience and his fine reputation but because of his size. Firpo was a 6 to 5 favorite in the betting but the odds may change before the fighters go into the ring. Expert opinion never has been so divided upon a big bout, the sentiment here being about evenly distributed. Both men are in splendid condition and are ready to go. Wills has a lot of experience as Firpo but he had had hands and it is many years since he did his best fighting.

Firpo ought to win by a knockout but it may take him some time as he has never been a quick finisher. The preliminaries arranged are: Charles McKenna vs. Mike Forrester; Joe Silvino vs. Carl Johnson; Tate vs. John O'Connor; Ed Steward vs. Jimmy Maloney and Mike Burke vs. Charley Nashert. Oysters, 50c and 80c quart.—Joseph. Advertisement.

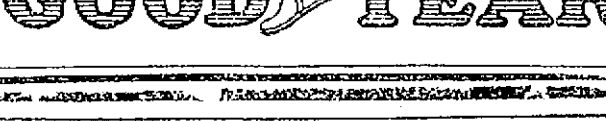

The Real Balloon Tire Discovery—Supertwist

You're probably thinking about buying Balloon tires. As you know, Balloon tires are much larger than ordinary tires and run at lower air pressure. They smooth out bumps, save your car and its occupants. But to be practical, a Balloon tire must stand up and give good mileage under the constant flexing and bending to which it is subjected. The durability of Goodyear Balloon Tires is assured by a new invention—Supertwist Cord. Supertwist is an extra durable cord fabric developed by Goodyear especially for Balloon tires. Its superiority lies in its greater elasticity. Supertwist will stretch farther than ordinary cord before it breaks. Hence it protects Goodyear Balloon Tires against stone bruise and rupture. We have Goodyear Supertwist Cord Balloons for the new small diameter wheels or to fit the wheels now on your car, without change.

BRINGING UP FATHER

President

(Continued from Page One)
Believes Klan's Exaggerated
Not long ago the president's secretary gave out a letter in which he stated that Mr. Coolidge is not a member of the Klan nor in sympathy with its objects. So far as the White House is concerned, that will have to suffice for the remainder of the campaign. Mr. Coolidge will discuss from time to time the principles of religious freedom and the constitutional guarantees as he finds them appropriate for discussion in connection with the general campaign but he has already said virtually all that he is going to say on the issue. Incidentally he would not be surprised, if after the campaign was over, people were admitting that he had exaggerated the importance of both the Klan and the issue itself.

Coolidge Aroused For Farm Relief
In respect to agriculture, the president has it in mind to make the proposed agricultural commission a clearing house for all ideas on the subject of agricultural relief. He is aware that the board itself will not complete its work until after election but he is hopeful that something concrete may be worked out before the next session of congress so that whatever is determined upon may soon be put into legislative form. Mr. Coolidge it will be recalled, did not come out for or against the McNary-Haugen bill when it was up for discussion in the last session of congress. He did give particular attention to all the various proposals for farm relief and seemed to think well of the suggestion contained both in the Curtis-Aswell and the Capper-Williams bills. These related to a scheme for the co-ordination of co-operative marketing organizations. Mr. Coolidge and a group of experts examine the McNary-Haugen bill and he was in hopes that out of the general discussion would come a bill satisfactory to all farm interests. For a while, on the surface, it appeared as if most of the farm organizations were in favor of the McNary-Haugen bill. The true nature of the support given the measure was disclosed in the national capital to some extent because of the pressure exerted from various sections of the country upon the executive boards of the farm organizations to swing into line behind the bill though the farm leaders here were not altogether certain of its value.

THIS WOMAN RELIEVED FROM SUFFERING

By Lydia E. Pinkham's Vegetable Compound. A Remarkable Story
Dover, Del.—"I wish every woman would take your wonderful medicine as it has done so much good to me. I had cramps and very bad pains. One day I was over to my neighbor's house and she told me I ought to take Lydia E. Pinkham's Vegetable Compound. So I went to the store on my way home and got a bottle, and took the first dose before supper. I have been taking it ever since, and you can hardly believe how different I feel. I had just wanted to lie in bed all the time, and when I started to brush up I would give out in about ten minutes. So you know how badly I felt. I used to go to bed at eight and get up at seven. Now I can work all day long and stay up until eleven, and feel as right all the time. My housework is all I do in summer, but in winter I work in a factory. I have told a good many of my friends, and I have had three come to me and tell me they would do without the Vegetable Compound."—Mrs. SAMUEL MURPHY, 215 Cecil St., Dover, Delaware.

Must Handle Export Problem of Farmer

What Mr. Coolidge is seeking is a practicable plan for handling the export problem of the farmer and he thinks that the new commission which is to function at once will find some scheme suitable to recommend to him for presentation to congress.

The president is fully conscious of the importance of agriculture as a factor in the national campaign and he is confident that the Republican party will be entrusted with power once more so that it can carry its plans with respect to agricultural legislation but he does not intend to let LaFollette enter the race with confidence their support of the regular Republican ticket and that those who had not intended to vote for him in the first place probably will be found voting for LaFollette or for Davis as they originally planned. He professes to be no prophet as to the outcome of the election in mathematical terms but he doesn't believe that the race of 1924 is comparable to the race of 1912 when there were three candidates in the field because he does not think that LaFollette has the hold upon the popular imagination that Roosevelt had and that LaFollette's vote will come largely from the Democrats and will not disturb the regular Republican vote. That is his conviction.

Battle of Panther vs. Bull
The principals, Louis Firpo, "the wild bull of the Pampas," and Harry Wills, "The Brown Panther of New Orleans," it is usually well into their roles as gladiators. Wills, a negro, is easily pictured as a symbol of the savage fuming into a jungle curtain; but no small part of the power in the management of this fight will be the spectacle of a giant negro struggling with a white man who represents an even greater throw back into primitive life.

In this fight it will be Wills who will employ science to evade the savagery of Firpo, whose one idea is to crush quickly; it will be the negro who will carry the sympathy of that part of the crowd which pities the under dog. It will probably be a brute battle with science forgotten and the victory to the strong.

Experts in final published opinions, disagree most evenly upon the result. Broadly, their speculations agree. Wills with the superior science and Firpo with the greater power and aggressiveness.

and now the responsibility lies in other hands than in mine. Since they cannot be hanged, I trust they shall never be freed from prison."

Glenn Darrow, chief counsel for the defense, before departing for a vacation, insisted however, that no effort would be made so far as he is concerned, to release Bobby Franks' slayers.

"It was all we could have asked for—there will be no appeal," he said firmly. As soon as Crowe's documents are ready and fully signed, Leopold and Loeb will be taken in automobiles to Joliet to start serving their sentences of "natural life and 99 years," imposed by Justice Caverly. Crowe refused to allow Sheriff Peter Hoffman to take the prisoners to Joliet immediately after sentence was pronounced, insisting that the documents be sent with them.

"Fahs" and "Dickie" arose at their customary hour this morning and prepared for their departure from the county jail. Their clothes were packed—clothes they will have to abandon when they reach the state penitentiary.

The two young prisoners, about to lose their identity and become Numbers 8305 and 8306, preparing to leave the jail in which they costed their sentence for the prison that is to be their home for life, said good-bye to their jail companions—other prisoners, guards, and Miss Florence Seely, teacher of the jail school. Leopold and Loeb have been popular among all the prisoners, and all wished them well as they prepared to leave.

a fairer basis for calculation the Republicans have made a small gain. They won then by 24,000 and it was remarked at that time that the cut from 1920 represented considerable loss to the Republican party. The Maine results were considered significant and they were indeed borne out by the congressional elections, for, applying the same ratio of loss to the Republicans in other states, the mathematicians did figure out about the loss of seats in congress which they did suffer. So Maine pointed in 1922 the way the nation went.

What then, does a gain from 24,000 in 1922 to 35,000 in 1924 really represent? It means that the Republicans not only have held their own but have made a gain of about 7,000 votes though the difference between a governorship and a presidential vote is always a few thousand any way so to all intents and purposes, the situation has not materially changed from 1922.

Had there been any landslide in prospect for the presidential race, the barometer in Maine should have registered at least a 50,000 or 60,000.

Maine May Influence Klan Fight
Entirely apart from the effect which the figures will have on the workers of both parties—for they will interpret it as they please—Maine may have an importance in another field of controversy, namely the Ku Klux Klan. The defeats of the Klan in Texas and Oklahoma had made some of the supporters of the Klan in politics somewhat timid. The Coolidge political managers were advised that a strong Klan vote would be cast for the Republican candidate for governor in Maine because of the denunciation of the Klan by Mr. Fanning, the Democratic nominee. A victory with Klan support always goes to the anti-Klan elements into action. Perhaps the most provocative headline which the Democrats could wish for is that, which today was used by one of the Republican newspapers here, "Dravster elected Governor in Maine with Klan backing."

Had the Klan been beaten in Maine, it might have had the opposite effect politically for the people who are not actively concerned with the Klan issue are more numerous than those who feel themselves aggrieved by it. There are many who feel so deeply against the Klan that they will make an issue of it in all elections. The eastern states unquestionably have much of that sentiment and that's why the Republicans will find the Maine result flung in their faces in the eastern areas very much as the Georgia primary gave McAdoo a Klan taint which he himself did not court or particularly relish.

Then they will be kept in separate cells their first night. Tomorrow they will be assigned regular cells and work.

The youths will be assigned to manual labor at the beginning despite their university education. Warden Whitman indicated. Office work is reserved as reward for good behavior.

The prison conducts shoe shop, furniture shops, rattan shops, machine shops and a stone quarry.

All new prisoners are placed in Grade C, and after nine months may work into Grade A, where they may be considered for some privileges. For practically a year, however, the youths will enjoy none of this.

Prisoners must eat prison fare, the warden explained. They may buy tobacco, gum and candy, but the only time they may eat food prepared outside is on visitors' day, once in two weeks.

Leopold will have no opportunity to write books, the warden said. Once a week each prisoner may write one letter. They may receive unlimited mail, but all is censored. Books may be obtained from the prison library for the limited time the boys will have to read and they may also receive newspapers by subscribing for them, but will not have the satisfaction of reading about themselves, for this material is deleted.

SOCIETY
A background of pink and white rose buds arranged before an improvised altar in the center of which was placed a large white bell, made a pretty setting for the marriage of Miss Goldie Schneider, attractive daughter of Mr. and Mrs. Charles Schneider of Wheelersburg, to Mr. Elmer Wellman, eldest son of Mr. and Mrs. Charles Wellman, also of Wheelersburg, which took place Wednesday at high noon at the home of the bride's parents.

Miss Margaret Fisher presided at the piano and played a program of lovely airs appropriate to the occasion.

The impressive ceremony was read in the presence of relatives and friends by Rev. Charles N. Haslam, pastor of the Powellville Lutheran church.

The bride was beautiful in her wedding costume of white crepe satin with a coronet of pearls. Her shower bouquet was of cream roses. Miss Beulah Schneider, a sister of the bride was attractive in a dress of pink gingham and carried pink rosebuds. Mr. Leon Gilley, of Russell, Ky., served Mr. Wellman as best man.

Immediately after the ceremony a dinner of beautiful appointments was served to the bridal party and a number of close friends.

Mrs. Wellman is popular with a wide circle of friends and previous to her marriage was employed as a clerk at the Murtling Bros' store.

Mr. Wellman is an N. & W. brakeman. The happy couple will leave Friday on a honeymoon trip to Dayton and Cleveland and will be at home to their many friends after October 1st at the home of the bride's parents.

Those present at the wedding included Mr. and Mrs. Charles Schneider and sons Warren and Orville, Mr. and Mrs. Charles Wellman and sons Earl, Howard Roy and Harold and daughter, Audrey, Mr. and Mrs. Oliver Morrow, Mr. and Mrs. Warren Turner, Mr. and Mrs. Howard Turner and daughter Mildred, Mr. and Mrs. Clifford Turner and sons, Howard and Raymond, Albert and Clarence, and daughter Edith, Mr. and Mrs. Clinton Turner and son Clarence, Mr. and Mrs. Dan Gleim, Mr. and Mrs. Albert Schneider and sons Lowell and Myrtle and daughter, Leah, Mr. George Schneider of Columbus, Mr. and Mrs. Geo. Gleim, Mr. and Mrs. Bryan Schneider and sons, Walter and Robert, Mr. and Mrs. L. J. Schneider and daughter, Phyllis, Mr. and Mrs. Henry Fisher, Mr. Eugene Lang.

Misses Anna and Bertha Lang, Mrs. Clifford Dold, Miss Eleanor Dold, Miss Eleanor Callahan, Miss Dorothy Callahan, Miss Edrie Reed and Miss Anna Simon.

Mrs. W. A. Spitzer entertained the members of the Dinner Club on Wednesday noon.

The table was prettily appointed for the occasion and after the dinner the remainder of the afternoon was devoted to playing bridge.

Members present included Mrs. A. M. Turner, Mrs. Louis Snyder, Mrs. Mary Taylor, Mrs. E. E. Haegard, Mrs. Norman Adams, Mrs. George Evans, Mrs. C. A. Walden and Mrs. Cheri Walden.

Mrs. Ely E. Brown, Mrs. Ernest Beaver and Mrs. Earl Dixon were guests for the afternoon.

Mr. and Mrs. Henry Bertram assembled a few friends at their home on Fifth street last evening for the pleasure of their cousins, Mrs. Charles E. Molster and daughter, the Misses Elizabeth and Jean Molster and son, Jack Molster, of Washington, D. C., who are enjoying a pleasant visit with local relatives and friends. The evening was delightfully informal and the guest list include a group of intimate friends of the honor guests.

The Misses Kate and Pearl Monaghan recently entertained a few friends for the pleasure of their cousins, Mrs. Charles E. Molster and daughter, the Misses Elizabeth and Jean, and son, Jack, of Washington, D. C.

NO CLUES TO JEWELS OR THIEVES IN BIG ROBBERY

PORT WASHINGTON, L. I., N. Y., September 11.—(By the United Press)—More than a score of private detectives were at work today on the Couden-Mountbatten jewel robbery in which upwards of \$150,000 in gems were stolen mysteriously from two of the wealthiest families of the United States and England.

The losers were Mrs. J. S. Couden, wife of the multi-millionaire, head of the Couden oil group and Lady Mountbatten, British noble woman, who is a member of the Prince of Wales party.

So far as could be learned no great progress toward solution of the mystery had been made up to today, though the jewels were stolen early Tuesday from the painted Couden estate The Coudens, near Port Washington, Mrs. Couden was the heaviest loser. The jewelry stolen from her was said to include: A black pearl ring valued at \$40,000.

Pink pearl ring, \$25,000.
Diamond bracelet, \$8,000.
Ruby bracelet, \$5,000.
Pearl and blood ruby ring, \$30,000.
Clam bracelet.
Diamond bow knot pin, \$100.

In addition, Mr. Couden lost a pearl stud, making the total loss to the oil family about \$110,000. Lady Mountbatten's loss was only about \$15,000.

A score of servants, 12 of them women, were questioned by detectives for Lloyd's, the big London insurance firm and detectives for an agency representing the Federal Insurance Company. All the jewels were insured.

The BRUNSWICK RADIOLA

The Outstanding Musical Achievement of Today

Combining the world-noted Brunswick Phonograph with the superlative in Radio—the Radiola Super-Heterodyne and Regenoflex

WHATEVER may be your conception of the musical possibilities of radio, or of complete home entertainment, you are urged to hear now this remarkable new instrument, the Brunswick Radiola.

For here, combined in joint effort by the leader in musical reproduction with the leader in radio is what world authorities pronounce the outstanding musical achievement of the day.

**All the music of all the world
at your command**

At a turn of the lever, you have radio's greatest thrill—the wonderful Super-Heterodyne or Regenoflex—to bring the mysteries of the air into your home; tonal possibilities multiplied by the internationally acclaimed Brunswick Method of Reproduction, which now does for radio what it did for music.

At another turn, you have the recorded music of all time at your command—your favorite records played as only a Brunswick can play them.

Nothing in music—music in the making, music of yesterday, today, tomorrow, is thus beyond your reach. Consider what this means to you; the advantages it offers to your children. The superlative in radio, the superlative in phonographic music, in perfected combination.

 A scientific creation—not a makeshift, that is why

The Brunswick Radiola occupies immeasurably a unique position in its field.

An instrument you can buy with positive assurance of lasting satisfaction and permanency.

An instrument developed scientifically by the Brunswick laboratories in connection with those of the Radio Corporation of America. Hence the embodiment of the best that men know in music and in radio.

Not a makeshift, simply a receiver set in a phonograph, but a scientific creation—the ultimate of today.

DAVIS TO DRAMATIZE SCANDALS IN THE REPUBLICAN ADMINISTRATION

(BY FRASER EDWARDS). (United Press Staff Correspondent) ESTES PARK, COLO., September 11.—(By the United Press)—Dramatizing the scandals in the Republican administration in an effort to vitalize his "Honesty in Government" issue was the task that John W. Davis, Democratic standard bearer set for himself today as he left this mountain retreat for Denver.

The dramatization of the "scandals" will begin at Cheyenne, Wyo., where Davis speaks tomorrow night, his general subject being "Conservation of Natural Resources." During his brief vacation here Davis has been advised that he must cast aside much of his restraint if he hopes to make his "Honesty in Government" issue an effective campaign appeal. The Democratic candidate is said to have agreed.

After his Denver speech on western problems which covers virtually the last of the domestic questions that Davis is treating in as broad a way, he intends to carry his message of "Honesty in Government" into almost every state east of the Mississippi and north of Ohio, with a dip into Kentucky and

perhaps Tennessee on his next swing through the west. Davis leaves here this morning and speaks at a luncheon of associated business clubs in Denver. He will meet state Democratic leaders during the afternoon and deliver his speech at the Municipal Auditorium at 8 tonight.

GIANTS WIN TWO

NEW YORK, Sept. 11.—The New York Giants gained a half game on Brooklyn yesterday, defeating Boston 22 to 1 and 5 to 0, while Brooklyn was winning one from Philadelphia. In the first game New York gave Boston the worst defeat of the National League season. The Giants cracked out 27 hits for 45 bases. Frisch hit six times in succession, including a home run, but missed (ying Wilbert Robinson's record of 1894 by being thrown out on a bunt in his last time up. New York scored freely in the second game and knocked Greenwich out in the fifth. The score—First game:

SPLIT DOUBLE BILL

PHILADELPHIA, Sept. 11.—The best Washington could do in the double bill with Philadelphia yesterday was to split the series by taking the second game, 10 to 5, after dropping the first, 2 to 1. The Senators found Gray a puzzle in the opener, and he beat Zachary in a pitching duel. All the Senators' runs except one in the second game were made off Heinemann and behind Meek's hurling the Athletics whittled down the visitors' lead. Phil Moogridge was relieved in the ninth inning with the winning run on base. Marberry retired the locals. The score—First game:

STOCK PRICES POINT UPWARD DURING TRADING

Market Undertone Firm; Oils Give Good Demonstration of Group Strength

NEW YORK, Sept. 11.—Stock prices displayed a firm undertone in a quiet market. Except for a temporary show of weakness by some equities, there was a marked absence of selling pressure. Short covering towards the close brought about a moderate advance in a number of industrials, the rails improving in sympathy. The closing was steady. Sales approximated 625,000 shares.

NEW YORK, Sept. 11.—Stock prices pointed upward at the opening

of today's stock market. Pittsburgh and West Virginia common opened a point higher and the preferred sold above its reliable price at 105 1/2. U. S. Steel common improved fractionally on buying inspired by an increase in unfilled tonnage. Bear traders uncovered another weak spot in National Enameling, which broke 3 points to a new low for the year at \$7.

This undertone continued firm throughout the early trading despite a renewal of selling pressure against the St. Paul issues, the preferred dropping a point and the common 1/2. Davidson Chemicals, which had advanced 1 1/2 points, Union Bag and Paper and Brooklyn Union Gas advanced 1 1/2 points. Oils gave a good demonstration of group strength. American Tobacco fell back 2 points and Hartmann Corporation and Loose Wiles lost 1 to 1 1/2 respectively. Foreign exchanges opened firm and unchanged.

Weakness of the St. Paul issues

eventually extended to the other grangers. Great Northern preferred dropping 2 points and Northern Pacific and Chicago Northwestern, more than a point each. Lackawanna, Delaware and Hudson and Seaboard Air Line preferred also yielded 1 to 1 1/2 points. Fresh selling cropped out in United States Rubber issues, each of which fell 1 1/2 points below their previous closing quotations. The rest of the list held well during this selling and eventually headed upward again when buying for both accounts took place in a number of specialties. Baldwin, American Woolen, Coca Cola, U. S. Cast Iron Pipe, General Electric and American Ice were among the many issues marked up 1 to 3 points. Call money renewed at 2 per cent.

CLOSING PRICE OF OHIO STOCK
COLUMBUS, Sept. 11.—Circles Service common 143 1/2; preferred 76 1/2; Pure Oil 23 1/2.

Wheat Market Shows Strength; Corn and Oats Prove Firm

MARKETS AT A GLANCE

NEW YORK MARKETS

Stocks firm; high priced industrials show big gains. Bonds steady; St. Paul issues recover partially. Foreign exchanges firm; sterling and French francs advance. Sugar lower; Cuban selling. Coffee irregular.

CHICAGO MARKETS

Wheat strong; bullish Canadian crop estimates. Corn firm; predictions unfavourable weather. Cattle higher; light offerings. Hogs active and higher.

CHICAGO, Sept. 11.—Owing largely to an outlook for advance in Liverpool quotations, the wheat market here took a decided upward swing today as business began. The Liverpool advance was interpreted as a measure due to the Canadian government crop report which, although taking account of September's show, showed a huge reduction in the estimated yield as compared with 1923. European crop damage advices and indications of liberal export business on this side of the Atlantic tended also to strengthen values. The opening, which ranged 1/2 to 1 1/2 higher with December 1 1/2 to 1 3/4 and May 1 1/2 to 1 3/4, was followed by slight setbacks from initial top figures.

The close was strong 3/4 to 5/8 net higher, December 1 1/2 to 1 3/4 and May 1 1/2 to 1 3/4.

Wet weather and wheat strength gave firmness to corn and oats. After opening at 1/2 to 3/4 higher, December 1 1/2 to 1 3/4, the corn market steadied at about the same as yesterday's closing.

The close was strong, 3/4 to 1/2 net higher, Dec. 1 1/2 to 1 3/4.

Oats started at a shade to 1/4 up, December 51 1/2 and held near to the opening range.

Packers selling of December delivery weakened the provisions market.

Enter--Football!

Colleges now are getting their football teams in shape even though the baseball season is just getting interesting. This shows a group of New York University players. Charles Snowden, halfback being tackled by Frank Hawley, while Coach Tom Thayer is showing him how. Above Coach Thayer, Huntington is telling a few Columbia University players the fine points of the game.

Doll Heads Foresters

One of the most enthusiastic meetings in months was held by St. Joseph Court Catholic Order of Foresters last evening. Arrangements were made for a class initiation to be held in January under the supervision of the state court team.

The newly elected officers were: August Doll, chief ranger; Aloisius Melcher, vice chief ranger.

A. J. Gerlach, financial secretary; Adam Sommer, treasurer; Matt Holzmann, speaker.

Trustee for three years, George Pfeiffer.

Chairman of sick committee, August Doll.

Installation of officers will be held October 15th, followed by a buffet lunch.

Husband and Wife Called for Successive Grand Jury Service in Jackson County

JACKSON, O., September 11.—For the first time since women have been called for service on the Jackson county grand jury, a husband and wife have been called to serve on successive grand juries. Ira L. Quickle, of Wellington, was foreman of the grand jury for the April term of successive grand juries. He was also of Wellington, was foreman of the court. His wife, Mrs. Kate Quickle, is one of the 15 people whose names were drawn Wednesday for service during the September term.

Other women called for grand jury service are Mrs. Iva Jones, of Jackson, and Miss Anna Glendon, of Jefferson township. Miss Glendon is a sister of Superintendent J. P. Glendon, of the Jackson school.

Women called for service on the petit jury are: Mrs. F. S. Scott, Mrs. Arthur Nutt, Mrs. Frank Goddard, of Wellington; Mrs. Brady Rice, of Jackson, and Mrs. Eliza Jones, of Madison township.

WIVES

EVERY married man has had this experience: Husband meets a man with an impressive front, swallows him hook, line and sinker. He is so impressed that he insists on wife meeting him. Friend wife, meeting the stranger, isn't impressed. Why? Well, she doesn't know exactly—the stranger has a peculiar look about his eyes; he wears the wrong color necktie, or looks as if he were mean to his wife. Time proves the wife was right in her size-up. Instinct, the sixth sense, told her.

The only accurate clairvoyant is a woman's intuition.

Health Hint: Love thy janitor.

The Morse code requires a dash after each interval of financial activity.

Government by the people has at least done wonders for the art of rhetoric.

The world is really getting better. A few hundred years ago nearly everybody had the itch.

Somewhat or other, the girl you love doesn't seem so ethereal after you watch her eat.

"What the world needs," says a congressman, "is a finer morale." What about a finer morality?

An auto-biography would begin: "I can remember when I was a chunk of tin ore."

A little learning is a dangerous thing, but the effect isn't quite so disastrous as that of a little authority.

SEES HOPE FOR LIFE

IN SLAYERS SENTENCE
YORK, Pa., Sept. 11.—Accused of killing Mrs. William Abbott, of Peterboro, N. J., Fred "Sailor Kid" McLean, a fugitive, was today held for the grand jury. When told that Leopold and Loeb, Chicago slayers, were sentenced to life imprisonment, McLean said he saw a ray of hope that his own life would be spared. He is 24.

PREACHER ON TRIAL

FOR ATTACKING GIRL
NEWPORT, Ky., Sept. 11.—Taking of evidence in the trial of Rev. Wm. F. Gregory, pastor of Grace M. E. church, of this city who is charged with attacking Miss Annabel Fisher, 20, was continued today until tomorrow morning.

The trial was opened before Police Judge Matt Moore, with one of the greatest throngs in local court history in attendance. Following a verbal fight between Prosecutor Louis Reischer and S. W. Root, attorney for the defense, over the absence of certain witnesses of the prosecution, Judge Moore continued the case until tomorrow.

AGNES AYRES, SCREEN ACTRESS, SECRETLY WEDS

LOS ANGELES, Calif., Sept. 11.—The secret marriage two months ago of Agnes Ayres, moving picture actress and S. Manuel Reachi, commercial attaché of the Mexican consulate general at San Francisco, was revealed here today by Miss Ayres, who added that she and her husband plan to leave for a European honeymoon as soon as she completes a picture on which she is now working. Miss Ayres Ayres was granted a divorce from her first husband, Captain Frank P. Schuler in 1921.

NEW YORK DAY-BY-DAY

BY O. O. MCINTYRE

PARIS, Sept. 11.—The average American tourist selects out of Paris what is least Parisian for his sight-seeing. Paris to him is the Champs Elysees and the shops of the Rue de Rivoli. These are no more the real Paris than Broadway is New York today.

I prowled about in the Latin Quarter. I drove over in one of the comic little open faced carriages with a driver who must have been eighty. He was just as comic as his vehicle in his patent leather high hat, green coat and bright yellow tie.

I walked into the queer little streets that the ordinary visitor does not see—the subtle, elusive and hidden Paris. It was lunch hour and in the old houses Mama and Papa were having their loaf of bread and jug of wine—lunching as is the custom in the bedroom.

Youngsters in black smocks and wooden shoes gaily shouted on the sidewalks. I tolled up the many deep stone steps that lead one into the sordidly picturesque. There were painters at rusty attic windows, sculptors on roof tops and virtuoso wielding violin bows.

This is the drab section from which blossoms more poetry and romance than any other place in the world. People know how to live here in squalor. It is not the squalor of the New York tenements. It is the squalor of men and women who are ready to starve to ideals.

And what a contrast to our Green-Web Village with its jilted cuts and artificial pose! Even old men and women who have faded have not lost the joie de vivre. It is a quality common to all. It is a survival of youth that refreshes the spirit.

There is no sham in the Paris Latin Quarter. There may be foolish idealists, but they are sincere and no writer, sculptor or painter will prostitute himself to any service or lying tale. They claim the right to live. Money is only a symbol of physical necessity. Ideals mean something.

In the Latin Quarter one finds

great friendliness. I put in at a two-table sidewalk cafe for a light refreshment. Across from me was a pale faced youth in the black and white hat and flowing tie of the quarter. He is a poet and rather hesitantly showed me a slight volume of verse he had written and published himself. There was a chevron in an unobtrusive spot. He would accept no payment for his volume nor would he permit me to pay for his pint bottle of mild wine. A dreamer knocking his head against the stars and I left him heavily depressed.

Back at my hotel I was pleasantly surprised by the booming and cheerful face of R. M. Brinkerhoff, the newspaper artist and magazine illustrator. Many years ago Brink, H. T. Webster, Ray Robb and I occupied a walk-up Harlem flat. We cut our own hair, wore each other's neckties and cooked and washed dishes. He is living in Paris and is writing a novel and as Croys says "opens in the bog lot and ends in the bay mow; the big emotional climax being where the mules run off with the new Studebaker wagon."

The scene is laid on the old Croys home farm in Nodaway County, where he was born. He says it will probably be the only novel ever made out of the farm. Croys Brink and I repaired to a Cafe de la Paix sidewalk table and enjoyed a number of placid Parisians with our conversational foolery and high jinking. It is always warming to meet old friends so far from home.

This was the first rain I ever saw in Paris. The city reflected the mood. Paris lives on sunshine and laughter. It is as moody as a petulant spoiled child.

Tavern
I'll keep a little tavern, Below the high hill's crest. Wherein all gray-eyed people May set them down to rest.

There shall be plates a-plenty, And mugs to melt the chill Of all the gray-eyed people Who happen up the hill.

There sound will sleep the traveler And dream his journey's end, But I will rouse at midnight The falling fire to tend.

Aye, 'tis a curious fancy But all the good I know Was taught me out of two gray eyes A long time ago.

—Edna St. Vincent Millay.

A Man's Version
There are stockings large and small, There are stockings awful thin. At some I must not look at all; They are so neat and trim.

I know they wear 'em short, I know there's some like flesh, What is to be the next resort? Were I to guess, they'd say I'm flesh.

—Gilbert H. Hill.

Resume
Edith—"Dad" took me into the office this summer. Said he wanted me to see the atmosphere of business."

Jean—"Did you get it?" Edith—"No, in less than a week he gave me the air."

—Johnstone Murray.

Around And Around
Willey—"But why are you so insistent that we get a bigger apartment?" Edith—"No, in less than a week he gave me the air."

Justice
Captain—"Why do you close your eyes every time you take aim?" Private—"It's the only fair thing to do, since we're firing at blind targets."

The Eternal Feminine

The pair were drifting in a canoe. The moonlight shimmered on the water. The setting was one to produce the usual madness. He proposed (as she knew he would).

Just as he was about to unfold her in his arms, the canoe upset. She went beneath the water, but immediately upon coming up said: "Oh, John! This is so sudden!"

—Harrison Jones.

To Show Their Hands
"Do you think that the campaign will degenerate into a mud-slinging contest?" "Well, both the candidates claim to be real dirt farmers, and may try to prove it by slinging some dirt."—C. L. Edison.

A Personal Question
The colored parson was dining out. The fried chicken was quickly disposed of, and dessert, was reached—watermelon!

The parson praised its size and quality, took a bite and turned to his host. "Brother Jones," he said, "excuse my curiosity, but what did you get this melon?"

"Why, dat come outen mah own patch, parson," said his host. "Come outen your own patch?" questioned the minister, sternly. "Den how come it's got bird shot in it?"—Helen Solomon.

It's Nature
Prospect—"Why do you declare that this machine is essentially a woman's car?" Salesman—"Tis the last word!"—George F. Paul.

Appetizing
Motorist—"Six hot frankfurter sandwiches with sauerkraut, please." Roadside Vender (to assistant):—"Litter of six pups with the beldin."—P. H. Carey.

What's The Use
"If I could only see myself as others see me," yearned the prominent citizen. "Then, as if by magic, the wish came true. 'I don't believe it!' he shouted.

GOES TO COLUMBUS

TRONTON, O., September 11.—Professor B. L. Porter, who completed his term as superintendent of the Tronton public schools on September 1st, will leave today with his family for Columbus, O., where they will make their home for the present.

Mr. Porter has been tendered the position as sales manager for the state of Ohio, for the Trans-Lux Daylight Picture Screen, which is the last word in Visual Education. He will be in touch with all the schools from the kindergarten to the university, in marketing what is regarded as the most needed instrument in the Visual Educational movement.

Previous Records Are Smashed by the C. & O.

All previous records for the expeditious movement of freight cars was eclipsed in August by the Chesapeake and Ohio Railroad, according to announcement just made by President W. J. Harahan. Including all bad order and stored cars, the Chesapeake and Ohio succeeded in maintaining a daily average of 48 miles per car per day throughout the month.

The average miles per car per day made by the Chesapeake and Ohio during the preceding five months, were as follows: July, 42.1; June, 48.1; May, 41.3; April, 38.2; March, 42.7.

Sentence Is Passed

The sentence in the case of Mrs. Blanch Snyder, 32, charged by prohibition officers with possessing liquor, was passed over until September 12, in Municipal court Wednesday. She was arrested Tuesday in a raid on her home by the federal officers and local police.

Paddock To Run
CLEVELAND, O., September 11.—An attempt by Charles W. Paddock, champion sprinter to beat records at 100 and 75 yards will feature a combined track meet and baseball program here today for the benefit of farmers who suffered property damage at the time of the Lorain tornado some weeks ago. Paddock's trials are sanctioned by the A. A. U. Five Cleveland sprinters will run against him.

AIN'T IT A GRAND AND GLORIOUS FEELING — BY BRIGGS

As It Happened 24 Years Ago

(From our issue of Sept. 11, 1900.) The Democrats scored heavy gains in the Maine election. Herbert McCall, who was connected with the dental office of Dr. Horatio Williamson, left for Columbus to enter a dental college.

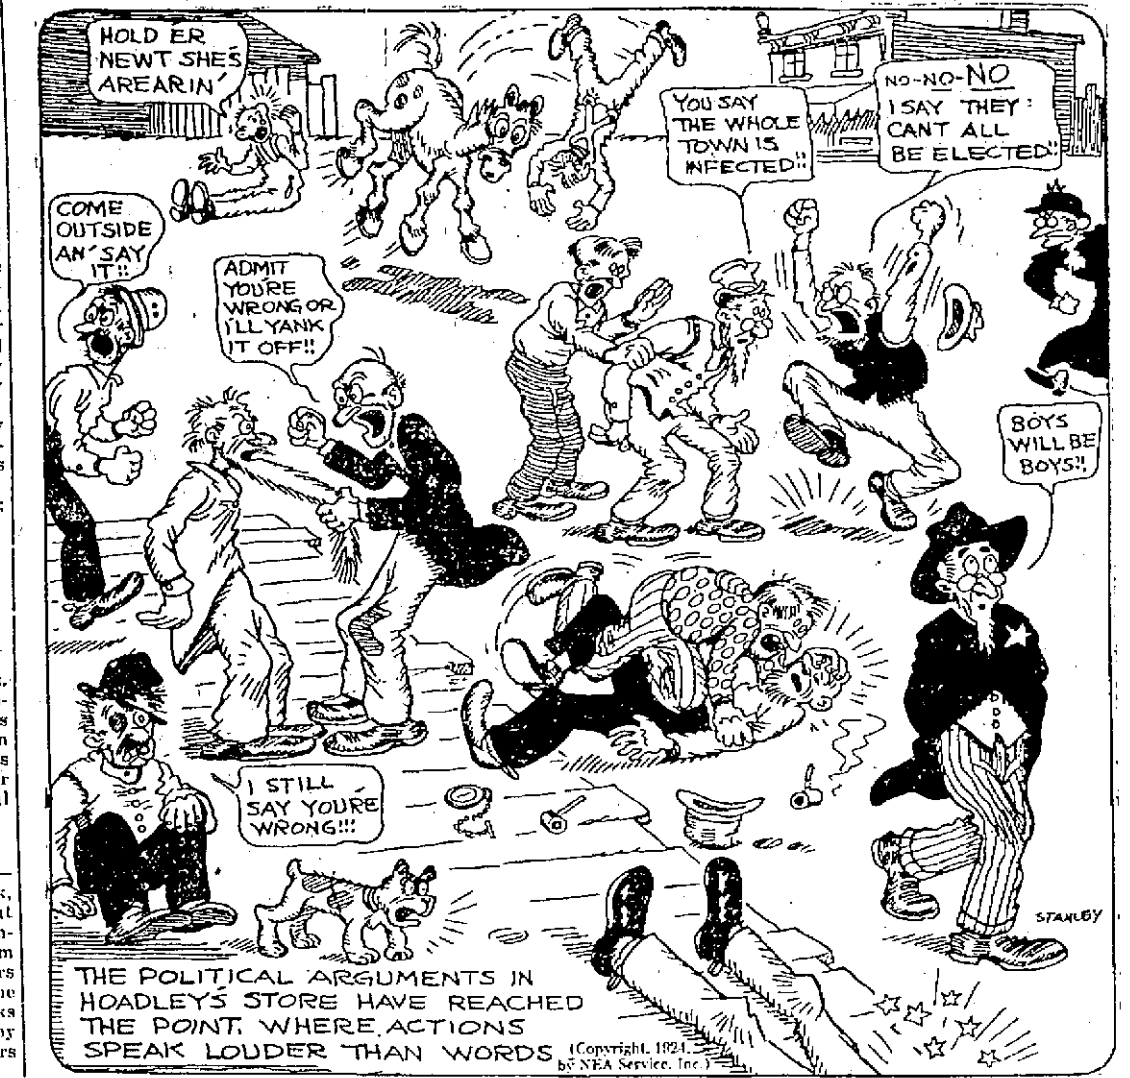

Charles Vallery, of Waverly, succeeded Oscar Coburn as book keeper and salesman for Frick's Imperial Flouring Mills.

A moving machine was struck by an N. & W. train at a road crossing near Haverhill. The machine wheels became wedged between the crossing plank and the rails and then the train thundered along. The driver, named James, jumped and escaped injury. The horses were not hurt.

Nearing Completion
The new home of Otis Fout, which is being constructed by The Paul G. Williams company, on West Charles street, will be ready for occupancy within the next two weeks.
